

A white, industrial-grade generator unit is shown from a side-front perspective. The unit features a large, multi-slatted ventilation grille on the left side. On the front panel, there is a black square window, a red emergency stop button, and a red handle. The Genesal Energy logo and website are visible on the front. A red banner at the top displays the model number '6556-GEN220FC', and another red banner at the bottom shows the price 'US\$ 8,500'.

The image shows a large industrial generator unit. On the left is a dark, rusted metal terminal block with several white cable glands. To its right is a white control panel with a digital display, buttons, and a red emergency stop button. The generator's cooling fan is visible in the background. The unit is mounted on a concrete base.
